

Taking Part Participant ID:

1. I confirm that I have read and understand the information sheet for this project, and I have had the opportunity to ask questions.
2. I understand that my participation is voluntary and that I am free to withdraw at any time, without giving any reason and without my medical care or legal rights being affected.
3. I understand that my samples and data will be kept for research unless informed otherwise.
4. I understand that some of the projects may be carried out by researchers who work outside of this establishment and possibly outside the United Kingdom, including commercial companies.
5. I understand that I will not benefit financially from any research that leads to the development of new treatments or medical tests in the future.
6. I understand that DNA from the samples may be used for approved projects and as the samples are anonymised, the results of this analysis will not be available to me.
7. I agree to make my contact details available to researchers that may have details of further studies that I may want to take part in

Samples

8. I agree for samples that will usually be discarded after routine tests, to be kept for research e.g. placenta
9. I understand that during routine examination and sampling, I may be asked to donate an extra 2 or 3 samples for research.
10. I agree to donate extra blood when undergoing a routine blood test.
11. I agree to donate my breast milk
12. I agree to donate a mouth swab sample.
13. If I have a caesarean section, I give permission for the collection of fat after the delivery of my baby.
14. If I have a caesarean section, I give permission for the collection of myometrium after the delivery of my baby

Data

15. I understand that my clinical information may be looked at by responsible individuals from the biobank staff or NHS trust. I give permission for these individuals to have access to my records. I also understand that when tissue samples and data are collected and stored for use in research projects they will be linked-anonymised. Any external researchers will receive fully anonymised data.
